

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

And it was also agreed, that an abatement of three thousand dollars, payable half yearly, annually, or at that rate until the Portland division of said road should be repaired and extended to the Ohio river—all of which will more fully appear by reference to said lease, signed by said Wm. They shall give notice, in one of the newspapers printed in the city of Maysville, and at some public place in the town of Washington and of Murphysville, of the time and place of opening the books for the subscription of stock in said Company.

The President and Directors shall, before they enter on the duties of their respective offices, take an oath before some Justice of the Peace, that he or they will faithfully discharge the duties of President or Director, without favor or affection, according to the best of his judgment. Upon the qualification of the President and Directors, or a majority of them, they shall appoint a Treasurer, and such other officers as they may deem necessary, who shall hold their offices for one year, and until others shall be appointed and qualified. The Treasurer of said Company, before he enters on the duties of his office, shall give bond with good security, in the penalty of three thousand dollars, payable to the President and Directors of said Company, conditioned that he will faithfully discharge the duties of Treasurer of said Company; that he will pay the amount of money in his hands to the order of the President and Directors, and that he will faithfully perform the duties required of him by the by-laws of said Company.

And if it shall be ascertained that the amount of capital, herein mentioned, shall not be sufficient to accomplish the object of this act, the President and Directors may enlarge the capital to such an amount as they may deem necessary, and open subscriptions therefor in such manner as they direct; or they may apply the proceeds of such part of the said road as may be completed, to the completion of the same.

SEC. 7. That each stockholder shall, at all elections, be entitled to one vote for each share up to ten; and for each two shares over ten, he shall be entitled to one vote. WHEREAS, it is represented to the present General Assembly, that Gen. John Caldwell, a meritorious officer* of the Revolution, and an active and efficient officer in the Indian Wars of the West, who departed this life on the 19th day of November, 1804, while presiding over the Senate as Lieutenant Governor of Kentucky, is buried at the base of the hill near the Penitentiary; and that the monument erected to his memory by the Commonwealth of Kentucky, in pursuance of an act of the General Assembly, approved January 19th, 1831, has been much broken and mutilated by wanton and mischievous persons, and by the sliding down of earth and stone from the hill upon his grave: and whereas, the Commonwealth of Kentucky has at all times honored and testified her gratitude to the illustrious dead who die in her service, and preserved their graves from desecration. Therefore,

Resolved by the General Assembly of the Commonwealth of Kentucky, That his Excellency, the Governor, be and he is hereby requested to have the remains of Gen. PREAMBLE AND RESOLUTIONS relative to Mr. Asa Whitney's plan for a Railroad from Lake Michigan to the Pacific Ocean.

The members of the Legislature of Kentucky listened with interest to a very lucid explanation given by Mr. Asa Whitney of his proposed plan for the construction of a Railroad from Lake Michigan to the Pacific Ocean. To conceive the idea of undertaking and accomplishing such an enterprise strikes us with astonishment, but it is confessed that the explanation by Mr. Whitney, and the expose of his plan, places the subject before us in a more plausible point of view than we had supposed it could have been done. The advantages, in a commercial and national point of view, arising from the accomplishment of a scheme, which would make the United States the great highway between Europe and the populous and wealthy empires of Asia, defy calculation. If such a scheme be practicable, it challenges the attentive consideration of this nation, and deserves the aid of the strong arm of the government. If

it be thought advisable to undertake this great work, we know of no plan less obnoxious to objection than the appropriation of public lands now unproductive and inaccessible. Therefore,

Resolved by the General Assembly of the Commonwealth of Kentucky, That our Senators and Representatives in Congress be, and they are hereby requested to give such consideration and countenance to that great project which, in their judgment, its magnitude, importance and practicability deserve.

Resolved, That said Commissioners be authorized to negotiate upon all questions of transitory passage, and the incidents thereto, through this State, and the several States mentioned in the first resolution, subject to the approval of such States.

Resolved, That the Governor be requested to transmit a copy of the above resolutions, to each of the Governors of the States of Ohio, Indiana and Illinois, with a request that they be laid before their several Legislatures.

No. 19.

PREAMBLE AND RESOLUTIONS in relation to the Tobacco trade.

WHEREAS, the interest of a large and respectable portion of the citizens of this Commonwealth is identified with the cultivation and profitable sale and disposition of tobacco, and the city of New Orleans is the most accessible port to which the tobacco grown in this State can be sent, either for sale or transhipment, and to which, by far the greater part of that article, grown in this Commonwealth is shipped, for those purposes: and whereas, it appears that, from the operation of a law passed by the Legislature of Louisiana, establishing a State Warehouse, &c., in New Orleans, in March, 1846, much injustice is often done and serious losses incurred by our citizens. Wherefore,

Resolved by the General Assembly of the Commonwealth of Kentucky, That we most respectfully submit the opinion, that the present inspection law of Louisiana, is oppressive and injurious to such of our citizens as may be engaged in the tobacco trade, and ought to be repealed, and the warehousing and storing of tobacco should be left to individual enterprize instead of State warehouses.

2. That in our opinion, six inspectors ought to be appointed for the city, and two for Lafayette, and that such inspectors ought to furnish their own sample drawers, and receive an inspection fee of not exceeding sixty cents per hogshead.

3. That the size of the cask, or hogshead, and thickness of stave and heading, ought to be established by law; and we regard the following dimensions as the most proper to be adopted: length of stave, 54 inches; thickness of stave, $\frac{5}{8}$ of an inch; heading in thickness, $1\frac{1}{4}$ inches; diameter of cask across head, 38 inches in the clear; each cask to have six good hoops, and all the timber to be well seasoned. If the inspectors shall find any cask which does not correspond with the legal dimensions and requirements, to have the same taken off and weighed at the expense of the owner of the tobacco.

4. That in order to ascertain the quality of the tobacco, the inspectors ought to cause all the hoops above the lower

1848.

heading hoops to be taken off, and three staves to be broken down, so that the inspectors may be enabled to break the tobacco in four places, and draw samples therefrom; and the proprietor of the warehouse shall prepare the tobacco for inspection and afterwards to cause the hogsheads to be coopered.

5. That all casks or hogsheads ought to be tared equal, except such as do not agree with the lawful dimensions, &c.

6. That the inspectors ought to weigh a sufficient number of casks so as to ascertain the weight of all, and by that means establish what the permanent rate of tare shall be, and so it shall remain.

7. That His Excellency, the Governor, be requested to transmit a copy of the foregoing report and resolutions, to His Excellency the Governor of Louisiana, to be accompanied by such other suggestions as may be best calculated to enforce the matters embraced therein, with a request that he lay the same before the Legislature of that State.

8. That inasmuch as the citizens of our sister States of Tennessee and Missouri, are also interested deeply in the tobacco trade, His Excellency, the Governor, be requested to forward a copy of the foregoing report and resolutions to the Governors of the States of Tennessee and Missouri, with a request to present the same to their respective Legislatures, and requesting their co-operation in obtaining the objects sought therein.

RESOLUTION for the purchase of Collins' History of Kentucky for the use of the Library.

Resolved by the General Assembly of the Commonwealth of Kentucky, That the Public Librarian be directed to purchase twenty copies of Collins' History of Kentucky, for the use of the Library.

RESOLUTIONS complimentary to the Encarnacion Prisoners and others.

Resolved by the General Assembly of the Commonwealth of Kentucky, That Maj. John P. Gaines, Capt. Cassius M. Clay, Lieut. George Davidson, and their thirty companions in arms, who were taken prisoners by a force of three thousand armed Mexicans, under command of Gen. Minon at Encarnacion, deserve the thanks of the people of Kentucky for their bravery, and for their cool determination to maintain the reputation of Kentucky, when escape was impossible, and destruction inevitable, save by a surrender.

1848.

Resolved, That Capt. William J. Heady and Lieut. Tho. J. Churchill, and their eighteen brave companions, taken captive by a superior Mexican force, when resistance would have been vain, have the thanks of the people of Kentucky for their bravery, and sympathy for their sufferings while in captivity.

Resolved, That Maj. John P. Gaines has won the admiration of the people of Kentucky, by honorably withdrawing his parole as a prisoner of war, when ordered by Gen. Lombardini to go to Toluca; by his escape through the lines of the enemy; by his successful junction with the American Army, and by his gallant bearing at Churubusco, Chapultepec, and all the battles fought before the walls, and in the City of Mexico, he being the only volunteer from Kentucky who participated in the achievements of Gen. Scott and his army in those memorable victories.

RESOLUTIONS concerning the Mobile and Ohio Railroad.

1. *Resolved by the General Assembly of the Commonwealth of Kentucky*, That our Senators and Representatives in Congress be requested to use their influence to secure the passage of a law in conformity with the petition of the Mobile and Ohio Railroad Company, and the citizens of the States of Alabama, Mississippi, Tennessee and Kentucky, to grant to said Railroad Company "the right of way over the public lands lying on the route proposed, the privilege of cutting the timber required for the construction of the road, and also the alternate sections of public lands situated on the route, which are unsold."

2. That the Governor be requested to transmit a copy of this resolution to our Senators and Representatives in Congress.
